AMERICANS LAID ANZACS Village, Prisoners in Allied Bag.

BIG SPLASH NATIONAL.

Independence Day Adds Tonnage.

Extraordinary Feat of Loyal Workmen Gives Army in France Backing.

"We are All Comrades in a Great Cause," is Wilson's Word to Builders.

(BY A. P. NIGHT WIRE.)

WASHINGTON, July 4.—The Pacific Coast today recaptured the laurels for fast shipbuilding taken by the East with the construction of the Tuckahoe by launching a 10,000-ton steel battleship in less than forty working days.

The vessel went into the water at the San Francisco plant of the Bethlehem Shipbuilding Company.

The launching sets a new record for the Pacific Coast, surpassing in speed the launching of the Tuckahoe in the longest working period.

Chiefman Hurley telegraphed Joseph Tynan, manager.

LONDON, July 4.—Premier Lloyd George sent the following message today to President Wilson:

"I have just heard that a hundred ships have been launched in the United States. Heartfelt congratulations on this magnificent performance."

WASHINGTON, July 4.—American merchant fleet, grown to 16,000 gross tons by the construction of the Tuckahoe.

FIVE SUBS ARE SUNK.

British Transports Achieve Record.

Troops Ships Carrying Americans Account for Three Submersibles.

Freighter in Ballast to United States Only Victim; Depth Bomb Revenges It.

(BY A. P. NIGHT WIRE.)

N. ATLANTIC PORT, July 4.—Destruction in European waters of five German submarines by British transports and by American and British destroyers conveying them, was described by passengers who arrived here today on an English line. The transports, one of which was carrying 7000 American soldiers to Europe, accounted for three of the U-boats and the destroyers sank the other two, according to the voyagers. Officers of the liner confirmed their stories.

The passengers witnessed the torpedoing of the 1435-ton British freighter Orissa, which was part of their convoy, when the fleet was approximately a day out, steaming west from the British Isles. The Orissa, bound in ballast for the United States, was sent to the bottom by an unseen submarine. A moment later, however, an American destroyer in the protecting fleet, detected the undersea boat below the surface and dropped a depth bomb, making a direct hit. The same evening a U-boat was sighted by the passenger vessel, whose gunners sank it by shell fire.

The other three submarines were destroyed on the eastward trip of another convoy. They said a British transport with 7000 American troops aboard rammed a submarine which was revealed with two others in the sudden lifting of a heavy fog. Almost simultaneously with the appearance of the first submarine beneath the transport's bow, the ship's gunners accounted for another while a British destroyer disposed of the third.

Maj. Theodore Roosevelt and two comrades in arms, decorated for bravery. Maj. Roosevelt at left, Lt. Christian R. Holmes in center, and Sgt. James A. Murphy at right, at the ceremonies of presentation of the Croix de Guerre to Lt. Holmes and Sgt. Murphy, for conspicuous courage shown in a recent raid on the western battle front. Maj. Roosevelt had the honor of pinning the decorations upon the breasts of his fellow-soldiers.

KAISER IS SHOT IN NEW JERSEY.

Placed in Coffin in Wisconsin After Being Lined up Against Wall.

(BY A. P. NIGHT WIRE.)

LA CROSSE (Wis.) July 4.—An effigy of the Kaiser, representing inside a coffin, marked "The Kaiser's Funeral," was one of the popular features of an Independence Day parade here this morning.

CLIFFSIDE PARK (N. J.) July 4.—The German Emperor was executed in effigy here today as a part of the Independence Day celebration. The "Emperor" was taken through the streets, given a mock trial and then lined up against a wall and shot by a detachment of soldiers.

JAPANESE WIRE WILSON.

Pacific Coast Organizations Send Message Pledging Support to Win the War.

(BY A. P. NIGHT WIRE.)

SEATTLE (Wash.) July 4.—Representative Japanese business men of the Pacific Coast from San Francisco, Los Angeles, Portland and Vancouver, B. C., in conference with Seattle Japanese, today sent a telegram to President Wilson pledging their loyalty and support to the government for the victorious prosecution of the war. Organizations represented in the meeting, which concludes Friday, are: Japanese Association of America, San Francisco; Central Japanese Association of Southern California, Los Angeles; Oregon Japanese Association, Portland; United North American Japanese Association, Seattle; and the Japanese Association of Canada.

Resolutions dealing with Japanese participation in the war and commercial problems are expected to be adopted before the convention adjourns.

ONLY THREE HUNDRED OF Foe GET BACK TO LINES.

BY EDWIN L. JAMES.

[ATLANTIC CABLE—EXCLUSIVE DISPATCH.]

WITH THE AMERICAN ARMY ON THE MARNE, July 4.—Very encouraging is the fact that now on this front American infantry is fighting with American artillery guided and protected by American airmen and aided by American balloon observers. We are shooting American ammunition in American guns. The airplanes are French. Thus the hopes of the Boche that we would not evolve an independent, effective fighting machine are fast being doomed.

The Germans delivered a counter-attack this morning against the American troops which took Vaux and the Bois de la Roche last night. The enemy was repulsed with extraordinarily heavy losses, due to the excellent liaison between the artillery and infantry.

The German troops attacking were cut off by our batteries soon after starting toward our position in the northern edge of the wood; and, with support unable to come up and retreat cut off, were practically destroyed.

Of the regiment attacking only three hundred got back to their lines.

(Continued on Third Page.)

AMERICANS POURING INTO FRANCE, YET HUN WAITS.

BY PHILIP GIBBS.

[ATLANTIC CABLE—EXCLUSIVE DISPATCH.]

WAR CORRESPONDENTS HEADQUARTERS, July 4.—It is idle to guess why the German high command gives us this precious time as that we have been able to reorganize our forces, train new drafts, strengthen our defensive lines and welcome to French soil enormous numbers of American soldiers who will stand by us in the next great crisis of the war.

Infantry, which has the German army in its grip, is hardly serious enough to account for this and there must be wider reasons, such as Austrian reverses or a new plan or surprise attack.

This present inactivity has been good for our men and certainly now most of our divisions are at the top of their old form after a much-needed rest and training in camp.

OUR YOUNGEST SOLDIER DEAD.

Tack, Aged 15, Dies in Hospital After Being Wounded in France.

(BY A. P. NIGHT WIRE.)

WATERLOO (Iowa) July 4.—A special dispatch to the Evening Courier states that advice received by relatives at Green, Iowa, report the death of Claude Tack at a hospital in New Jersey.

Tack, who was 15 years of age, and said to be the youngest soldier with the American forces overseas, was severely wounded some time ago while in action in France. He had been in service about a year.

VLADIVOSTOK QUIET UNDER CZECH-SLAVS.

SIBERIAN RECALCITRANTS OBEY CITY, ENFORCE DISARMAMENT ORDER.

(BY A. P. NIGHT WIRE.)

WASHINGTON, July 4.—Diplomatic advice received today from Vladivostok said the city was quiet with Czech-Slovak forces in complete control after enforcing general disarmament and occupying the principal government buildings.

American, British and Japanese naval guards who have been on duty for months guarding war stores were reinforced from ships in the harbor when it became apparent that the Czech-Slovaks were preparing to take charge of the city by force. They apparently had no part in the fighting, however.

The Czech-Slovaks issued an ultimatum to the Soviet authorities demanding disarmament and surrender of the city.

Civilization Gives Ear to Wilson.

President Declares for the Extermination of All Military Autocracy.

Feelers by Germany for a Compromise Peace Meet with Uter Rebuff.

(BY A. P. NIGHT WIRE.)

WASHINGTON, July 4.—From the shadows of Washington's tomb President Wilson today offered America's Declaration of Independence to the peoples of the world, with a pledge that the United States and its allies will not sheathe the sword in the war against the Central Powers until there is settled "once for all" for the world what was settled for America in 1776.

Foreign-born citizens of the United States, thirty-three nationalities, who had placed wreaths of palms on the tomb in token of fealty to the principles laid down by the Father of his Country, cried their approval of his words in many languages, and then stood with reverently bared heads while the voice of John McCormack soared over the hallowed ground in the notes of "The Star Spangled Banner."

"Washington and his associates, like the barons at Runnymede, spoke and acted, not for class, but for a people," the President said. "It has been left for us to see to it that it shall be understood that they spoke and acted not for a single people only, but for all mankind. There can be no compromise. The settlement must be final. There can be no compromise."

ONLY BASIS FOR PEACE.

"What we seek is the reign of law based upon the consent of the governed, and sustained by the organized opinion of mankind."

The speaker's crisp words as he emphasized the least which America will consider as a basis for peace were interrupted by a tumult of applause and words of approval. The demonstration swept beyond the wall of khaki-clad marines.

Elaborating the purpose for which the "associated peoples of the world" are fighting, the President reiterated that peace can be made only when the Central Powers agree to the destruction of militarism, the consent of the governed for all readjustments, the sacredness of treaties, and the organization of a league of peace. He further forestalled any offers of peace by compromise which the Central Powers might make by announcing that the purpose for which the United States is sending millions of its men to the trenches may not be fulfilled around a council table.

These great ends cannot be achieved by debating the President asserted.

FOR ALL PEOPLES.

Throughout his address the President referred to "the peoples" who are fighting against autocracy, stressing thereby the unity of purpose which actuates the allied nations. On the other hand, he differentiated between the people of Germany and their rulers, as he always has done, and the people of the allied nations, whom he always has regarded as one people.

The people of stricken Russia are still among the rest, though they are for the moment unorganized and helpless. Special interest attached to his words, particularly to the statement that Russia's distress is only temporary, because of plans now being formulated for giving assistance to the country. Boris Makhmeteff, who was sent here as Russian Ambassador during the Kerensky regime, was in the audience.

CHATS ON MAYFLOWER.

During the trip to and from Mt. Vernon on the Mayflower President Wilson had many talks with the representatives of people who have left their native lands to find homes in America. He asked many questions of the groups of Czech-Slovaks, Chinese, Hungarians, even German, for the natives of countries whose governments are America's enemies were among the visitors.

The informality of the trip down was abandoned at the landing. The President landed between lines of marines.

After the President and his party had taken their stand before the tomb, he ordered that the marines be drawn in closer, so that the persons without tickets of admission might better hear the exercises.

When the marines moved up the effect was like the sudden undamming of a great wall of water, the spectators being thrust down the rolling slopes by the pressure behind. For a moment it looked as if a tragedy would be caused by the trampling of the weaker, but the marines closed in with rifles held across their breasts, and the flood was checked.

(Continued on Second Page.)

Simultaneous Smashing Blow Struck by British; Success Important One.

(BY ATLANTIC CABLE AND A. P.)

LONDON, July 4.—Detachment of American infantry assisted the Australians in capturing Hamel. This announcement was made officially tonight.

WITH THE BRITISH ARMY IN FRANCE, July 4.—Complete success crowned the splendid attack made today against the Germans between Villers-Bretonneux and the Somme—an attack which had been specially set to coincide with Independence Day.

The enemy was taken entirely unawares and the big-framed fighters from Australia stormed their way through the bewildered graycoats with little opposition—a veritable human tornado which left a wake of death behind it.

Hamel village was rushed and taken in short order. Vaire and Hamel woods, with their nests of crackling machine guns, were passed through as if the Australians were doing a practice charge for their commander, and a line of enemy trenches east of those strongholds was cleaned out and annexed.

About fifteen hundred prisoners were in the British cages this afternoon, while out on the battlefield great numbers of the German Emperor's men lay silent under the brilliant sunshine which could bring them no cheer.

AUSTRALIAN GRIT.

The Australians went over the top in the early morning behind a fleet of tanks which led the way into the hostile territory. It was a difficult task which they had before them for the Germans were holding the village of Hamel and Vaire and Hamel woods with strong forces. The hamlet and the little forest, all of which lie comparatively on high ground, were choked with machine guns, while a large concentration of German artillery was trained along this sector.

The assault was pushed forward quickly and jammed their way through the graycoats in the face of a bitter deluge of fire.

The news at present indicates that the Australians pushed beyond both Vaire and Hamel woods and scored, although the battle still is raging.

The assault was pushed forward quickly and jammed their way through the graycoats in the face of a bitter deluge of fire.

The assault was pushed forward quickly and jammed their way through the graycoats in the face of a bitter deluge of fire.

The news at present indicates that the Australians pushed beyond both Vaire and Hamel woods and scored, although the battle still is raging.

SELECTED THE FOURTH.

As a tribute to America, the Australians had designated their drive as a Fourth of July attack, and today was set as the time for their operations because it was the American anniversary.

Upon the Belgian front a celebration of a more quiet kind was being conducted this morning in honor of the American anniversary day, the Belgians having arranged a special ceremony of tribute to the Stars and Stripes.

At another place in the British war zone Americans who have done gallant work for many months for the British, were receiving decorations for valor.

HAIG'S REPORT.

(BY ATLANTIC CABLE AND A. P.)

LONDON, July 4.—Field Marshal Haig's report on events along the British front says:

"The operation this morning south of the Somme was completely successful. It was carried out by Australian troops assisted by some detachments of American infantry and supported by tanks. Our objectives were taken and held and we gained possession of the woods of Vaire and Hamel as well as the village of Hamel."

In conjunction with this operation an attack by Australians east of Villers-Bretonneux was completely successful and our line was advanced 500 yards on a front of 1500 yards.

The prisoners captured by us in these operations exceed 1500. Many machine guns, as well as other material, also have been taken."

De Palma Wins Hundred-Mile Liberty Handicap; Angels and Tigers Split Even for Day Cleveland

LOCAL GAMES
EVEN STEPHEN.

Eslick Takes Morning Battle;
Killefer Afternoon.

Both Scrimmages are Won by
Close Margins.

Attendance Smashes Record
for this Year.

BY EDWIN F. O'MALLEY.

Fighting like two Kilkeny cats the two teams, Vernon and Los Angeles, scratched, ripped and tore each other almost into shreds at Washington Park yesterday a.m. and p.m. Both scrimmages were won by the closest of margins and the fans were at all times in a hectic flush of excitement. The double battle ended in a draw, Stephen Eslick matching the morning mar, 4 to 3, and Killefer the afternoon squabble, 3 to 1. Incidentally the largest morning and afternoon attendance thus far this year, witnessed the games.

Bill Eslick in his attempt to grab a good hold on first place, the which he would have accomplished by annexing both games, ran up and down the gamut of inspiration,

JACK DEMPSEY PUTS
OVER ANOTHER ONE.

(BY A. P. NIGHT WIRE.)

JOPLIN (Mo.) July 4.—Jack Dempsey knocked out Bob Devereaux here this afternoon in the first round of a scheduled twelve-round fight. Devereaux apparently was not in good condition, while Dempsey was hard and fit. A short left hook, landed as the men separated from a clinch, put Devereaux down for the count. The fight lasted less than two minutes. The men are heavyweights. Dempsey and his manager left tonight for Atlanta, Ga. Dempsey meets "Porky" Flynn Saturday night.

aspiration, and perspiration. He was out on the coaching line at all times battling like the flames at Chateau Thierry. At half past the stroke of 12 (noon) Bill had stormed the Killefer trenches and installed himself in first place in the Pacific Coast League race.

REAL FURY.
Coming back with undiminished fury in the second battle he held his early advantage for a spell against the Killefer 7th, but was at last driven back to his original position. After the stress of action had died away in the afternoon clash, Bill turned to a friend and grinned, "Gee, but I surely did feel bully to be on top again even if it was only for two hours."

Fittery was in the ammunition box for the Seraphs and he was surely there with the pyrotechnics. Paul's curves played him fair throughout, and apart from the first inning he had the big chief sign on his opponent.

Straps to rubia, Jack Quinn, by many regarded as the best protector in the league, could not maintain the Tigers' winning streak. In effectiveness he had to doff his canopy to Dell Mitchell, Check and Reiger.

Vernon scored its only run in the first frame on Alcock's single to center. Chadbourne's force and steal of second and Daley's timely hit to center, scoring Chadbourne.

COME RIGHT BACK.
The Seraphs came right back in their last half of the first with a tying run as follows: Killefer fanned. Terry singled to center and took third on Fournier's double to left. Crawford sent a sacrifice fly to Chadbourne, Terry scoring after the catch. Ellis went out, Wister to Borton. The Angels' winning run was made in the sixth on Fournier's single, Crawford's sacrifice and Ellis's double.

The only other chance Vernon had for score was in the sixth, inning when with Alcock on third and Borton on first and two out, Borton was caught stealing second.

Then there was the best gross 36 holes, which went to George Cline, without demerit for 155—50 the first round, 75 the second round, and a 15 for the last nine.

But when it came to the best net 18 holes, competition was rife. Ned E. Moore and Dr. J. S. Hunt each had net 39 on 18 and 10 handicaps, respectively. Ned Moore also shone as a choice score hero, with a net 62 for 18 holes, so they rather thought Ned should take prize and let Dr. Hunt retain the best net 36.

The best net 18 holes was another—J. Henjum and H. E. Teter each had net 44, so in some mysterious way one gets a medal and the other a U.S.G.A. certificate—but anyway both are in some sort of glory.

Then there was a special prize for Brentwood members, whereon Dr. J. S. Hunt qualified again, and they rather felt somebody else should get a look-in. And there was a special prize for Athletic Club members, and nobody quite knew who was who, and the hero thereof still hangs in dreadful uncertainty. H. A. Strode was next best to Dr. Hunt with a net 69, so he gets the Brentwood, anyway.

And W. W. Comstock won a special best low gross 18 prize for the 18 handicaps or over, with a 90, and Hy Brantley won the best net in said class with a 91-67.

There were several other kinds of glory awaiting the decision of a supreme court of mathematics, and they rather thought they would take the week-end to sort the evidence. Ernie Clark, handball hero, shone with the worst of it, and the little wood Club makes a charming bride. The matrimonial alliance gives promise of financial and domestic happiness.

The Los Angeles Country Club had a gala day with 150 players in the morning four-ball match play, two couples tied for first place with 5 up—J. W. Wilson and Dr. E. C. Burt, evened it up and R. G. Thompson and Marion R. Gray, 2 down—7 up. J. M. Walker and I. W. Shirley were second with 3 down—up, using with Winslow P. Walton and Sterling Lines with 2 up—2-4 up.

In the afternoon match play against par, J. M. Walker shone again with 4-1 up, as did I. W. Shirley with 4-5-1 up. Albert Brown was third with 7-1-even.

All the prizes were Thrift Stamps.

ALCOCK'S SINGLE SCORING HOPE.

(BY A. P. NIGHT WIRE.)

LOS ANGELES.—Alcock's single scoring hope, which was to be a record, was shattered by a double by Vernon in the first round of the Los Angeles Country Club golf tournament yesterday.

Alcock's score was 115, which was a record for the club, but Vernon's score of 114, which was a record for the club, was a better one.

RED CROSS
GOLF SUCCESS.

Athletic Club and Brentwood
Join in Tourney.

Sixty-four Entrants Turn Out
for Play.

Los Angeles Country Club Has
Gala Day.

BY ALMA WHITAKER.

The Brentwood Country Club, which has recently been joined in holy matrimony with the Los Angeles Athletic Club, J. J. Jenkins officiating, as it were, gave a sort of wedding party golf tournament yesterday, strictly for the benefit of the Red Cross—even as the Goldie Schneider wedding of recent date.

They had sixty-four entrants, which included members of both clubs, and a plethora of prizes for every kind of achievement to the utter confusion of a mere female scribe. For instance, in the main Red Cross event, the best first 18 holes of the day, Thomas McCall and Frank D. Tatum had 79's for best gross in the morning, but Elmer Ralph, who had previously won things at San Gabriel, popped in the afternoon with a 77. But as the prize for this is a Red Cross medal, even as the one at San Gabriel, it was felt that Ralph should not be allowed to swipe two Red Cross medals in one day, so they rather thought they would let him onto some other one of the eleven prizes and leave McCall and Tatum to toss up for the Brentwood one.

Then there was the best gross 36 holes, which went to George Cline, without demerit for 155—50 the first round, 75 the second round, and a 15 for the last nine.

But when it came to the best net 18 holes, competition was rife. Ned E. Moore and Dr. J. S. Hunt each had net 39 on 18 and 10 handicaps, respectively. Ned Moore also shone as a choice score hero, with a net 62 for 18 holes, so they rather thought Ned should take prize and let Dr. Hunt retain the best net 36.

The best net 18 holes was another—J. Henjum and H. E. Teter each had net 44, so in some mysterious way one gets a medal and the other a U.S.G.A. certificate—but anyway both are in some sort of glory.

Then there was a special prize for Brentwood members, whereon Dr. J. S. Hunt qualified again, and they rather felt somebody else should get a look-in. And there was a special prize for Athletic Club members, and nobody quite knew who was who, and the hero thereof still hangs in dreadful uncertainty. H. A. Strode was next best to Dr. Hunt with a net 69, so he gets the Brentwood, anyway.

And W. W. Comstock won a special best low gross 18 prize for the 18 handicaps or over, with a 90, and Hy Brantley won the best net in said class with a 91-67.

There were several other kinds of glory awaiting the decision of a supreme court of mathematics, and they rather thought they would take the week-end to sort the evidence. Ernie Clark, handball hero, shone with the worst of it, and the little wood Club makes a charming bride. The matrimonial alliance gives promise of financial and domestic happiness.

The Los Angeles Country Club had a gala day with 150 players in the morning four-ball match play, two couples tied for first place with 5 up—J. W. Wilson and Dr. E. C. Burt, evened it up and R. G. Thompson and Marion R. Gray, 2 down—7 up. J. M. Walker and I. W. Shirley were second with 3 down—up, using with Winslow P. Walton and Sterling Lines with 2 up—2-4 up.

In the afternoon match play against par, J. M. Walker shone again with 4-1 up, as did I. W. Shirley with 4-5-1 up. Albert Brown was third with 7-1-even.

All the prizes were Thrift Stamps.

DE PALMA IS
AUTO VICTOR.

Wins the Hundred-Mile
Liberty Handicap.

Finishes Almost Lap Ahead
Tom Milton.

Barney Oldfield Lands
Fourth Place.

(BY A. P. NIGHT WIRE.)

REEDWAY (Cincinnati) July 4.—Ralph de Palma won the 100-mile Liberty Handicap automobile race at the Sharonville speedway yesterday by finishing almost a full lap ahead of Tom Milton. The latter had only a margin over Ralph Mulford, Barney Oldfield was a half-mile behind, but landed in fourth place. De Palma drove a consistent race and was favored by not having stop during the run. He took lead at the thirty-fifth mile, and never headed. Danny Hickey, repeated trouble with his car came in fifth, and Louis Chevrolet, who was a favorite, was forced to pit three times with tire trouble but finished sixth.

De Palma was forced out on the thirtieth lap, while Barney Oldfield, Milton, Mulford and Chevrolet were forced to pit. De Palma's time was 57m. 20s.

BOXING BOUTS AT
VENICE TONIGHT.

CHIEF REED OF OCEAN PARK
meets Al McManus in the main

at the Venice Auditorium show tonight. Reed has won a good record as a four-rounder along the Coast and is expected to make a great battle with the lightweight.

Kid Layman and Ted Tittus boxed four hard rounds at Venice last Tuesday night with Layman winning the decision. Four good bouts will go on at 8 o'clock, the show being started in order to give the fans a chance to reach the beach in time for the certain rain.

Dick Donald will referee all bouts.

KANSAS CITY BOY
BESTS CHICAGO.

(BY A. P. NIGHT WIRE.)
DES MOINES (Iowa) July 4.—Harvey Thorp of Kansas City defeated Charlie White of Chicago today in his twelve-round bout at the Western League park, according to a majority of the judges. The fight was a close one, but Thorp was the aggressor all the way and won six of the rounds, won three and three were even.

"TOO MUCH WEATHER"
SAID THE ANGLES.

"Variety" may indeed be the spice of life, but several of the anglers will take their with the less "seasoning," thank you. Sunday morning, the anglers here today in their twelve-round bout at the Western League park, according to a majority of the judges. The fight was a close one, but Thorp was the aggressor all the way and won six of the rounds, won three and three were even.

WATER GETTING LOW
STREAMS MAY FAULT.

All Greenhorn mountain streams are very low. Deputy Allen came to Kern county in 1894, was for years the best water conditions as few men are as far as the upper course of the Kern River and Alder creek saw one twenty-inch trout from Kern River country. Kern rainbows are very handsome, dark fish, deep and thin, colored and well fed, full of fat in that fast water.

Hunters will take comfort in the fact that the deer and quail are making gains in the county. He finds the deer country the best in several years, and that the quail are beginning to show up in some of the better sections.

SOLDIERS HEAD MEET.

One of the French "belle époque" guests of Newark, N. J., a Frenchman, who was a member of the French Legion, which has made itself famous through the world. Father Duval has been twice wounded during two years' service, and was decorated by President Poincaré as a Legionnaire.

T'S MESSAGE IS
THOUSAND TIMES

dependence, their defense. We find ourselves fighting again for our national independence. We are face to face with the necessity of asserting anew the democratic right of free men to rule their own laws and choose their own allegiance, or else permit ourselves to be ruled by a foreign power. Against this threat the American people have responded with a rush of patriotism and a determination to defend their rights. They have made sacrifices such as the world has never known before, and their resistance to the face of death and suffering has proved that the aim which animates the German effort can never be to rule the world. Against the horror of military conquest, against the emptiness of a life in mere bodily contentment, against the degradation of becoming a part of a State that knows no truth nor honor, the world has revolted. That even people long hated and oppressed by force have now begun to stir and arm for their own defense.

Centuries of subjugation have not destroyed the racial aspirations of the many distinct peoples of Eastern Europe, nor have they ceased the social ideals of their political and military masters. They have survived the slow process of peace as well as the agonies of war, and now demand recognition for their just claims to autonomy and self-government. Representatives of these races are with you today, voting their loyalty to the common cause. I ask you, fellow-citizens, to unite with them in making this our Independence Day the first that shall be consecrated to a dedication of independence to all the peoples of the world.

[Signed] WOODROW WILSON

FIFTY-TWO PARTIAL
LIST OF LAUNCHING

COMPLETE RECORD OF
SPASH NOT KNOWN
TIL TODAY—COAST LEARN

PHILADELPHIA, July 4.—Great Fourth of July splash American ships, which Charles Schwab, director-general of the Emergency Fleet Corporation, would re-echo in the ears of the German Emperor, took place as planned by the shipbuilders of the United States. From one o'clock after midnight last night, the first ship was launched at the yard, until late today, carriers and other types of vessels were sent overboard in every part of the country to help build ocean bridges for the allied forces in Europe.

The office of the Emergency Fleet Corporation were kept all day and late into the night receiving official reports of the launches. Incomplete reports gave a number of vessels sent overboard, fifty-two of which thirty-three were steel and the other nineteen were wood.

These figures do not include launching of naval vessels which have been built directly under the supervision of the Navy Department. Curtailed communication, due to the holiday, is the cause of a failure of the corporation officials to receive fuller reports. The number of launches probably will not be known until tomorrow.

From the Pacific Coast, Charles F. Baker, vice-president of the Emergency Fleet Corporation, wired the Union plant of the Bethlehem Steel Corporation had set a world's record by launching the deadweight tonnage, represented by four ships, in one yard, in one day. A second record was broken by plant by building one of the ships, the Duquesne, a 12,000-ton steamer, in thirty-eight days. Immediately the launching six keels were making a third record.

DROWNED IN CREEK
ON HOLIDAY OUTING

TWO COMPANIONS OF ACCIDENT
VICTIM ARE HELD FOR
INVESTIGATION.

An outing on the banks of the swimming hole at Culver City ended disastrously for Frank Bohn, a ranch hand, yesterday, when he was drowned in the pool in the afternoon. His two companions are held in the County Jail pending the coroner's inquest into an investigation of the accident.

De Bohn, together with Jerome of No. 1708 West Jefferson street and Felipe Rameros of our City, began their Independence Day outing at noon.

At 3:30 o'clock in the afternoon Jerome walked into Michaelson's office at Culver City and told him that the three had gone swimming and lay down on the grass for a nap.

On waking up the two men discovered De Bohn missing and noticed bubbles in the surface in the pool. On looking down, they saw the body of the dead man. Bohn was near by, and the two men immediately brought to Los Angeles Deputy Sheriff Townsend and pending investigation. The body of the dead man lay at the park, Bohn, Bohn, and Todd in Santa Monica.

THREE ARE INJURED
Mother and Two Sons Sustain
When Speeding Automobile
Hits Their Machine.

Mrs. L. E. Walters and her sons, G. L. Walters and J. D. Walters, of No. 2488 Woodlawn avenue, were seriously injured yesterday afternoon at Twenty-first and streets when a speeding automobile driven by Ernest Huffer of Compton avenue, ran into their car while they were waiting for passengers to board a street car. The car, being smashed against a telephone pole.

According to J. D. Walters, the car was traveling at a high rate of speed when it struck a milk wagon before he succeeded in getting his machine under control. Huffer carried the car to the Receiving Hospital. All sufferings from cuts and contusions with possible internal injuries.

ONE-FOURTH OF ALL COAST'S NEW SHIPS FLOATED BY LOS ANGELES.

FOUR GREAT VESSELS LAUNCHED;
KEELS ARE LAID FOR SIX MORE.

Local Shipyards Add Thirty Thousand Tons to American Marine in a Single Day as Part of Our Answer to Appeal of Our Allies and Menace of Hun.

LOS ANGELES celebrated Independence Day yesterday by helping to make war history. Four great new ships glided off the ways at the Los Angeles Harbor at high tide last evening, as a clause in the answer of the Pacific Coast to the cry for more ships to help win the war.

These four vessels were the West Galea, the West Zula and the West Grana, steel cargo vessels of 8800 tons dead weight each, and the Mono, a wooden vessel of the Hough V-bottom type, 3800 tons dead weight.

Of the 450,000 tons of government shipping launched yesterday, there were 116,295 tons of the Seventh District, which includes the Pacific Coast States. Los Angeles yards launched 4800 tons or 23 per cent. of the shipping tonnage provided by the eight shipping yards of the Seventh District. In addition to the launches, keels were laid for six new vessels.

It is conservatively estimated that 50,000 people witnessed the launching of the three vessels yesterday at the Los Angeles Shipbuilding and Dry Dock Company's yards. About 10,000 people were within the yards. Along the water front immediately outside the yards and along the opposite banks of the channel, people were massed to see the great spectacle. Along the Harbor seaward there was a tremendous crush of automobiles, loaded with spectators, and every available bluff, crest and other elevation in the neighborhood was black with the crowds.

THE LAUNCHINGS.
Triumphant and militant swelled the chorus of patriotic music played by the Los Angeles shipbuilders of fifty pieces. The air blew out to a great concourse of people who were gathered at all points of vantage on the elevations and outside the yards where they could witness the baptism of these new war-winning and their way move from the ways into the sea.

At a pause in the music of the land, the blows of sledge-hammers in the hands of sturdy men were heard instead. The wooden keel of the West Galea was dropped down, and the vessel touched the water at 5:28 o'clock.

most in unison, and the great vessel began to move. Its speed accelerated; it glided forward several feet on a high platform erected on the ground directly in front of the ways. The vessel, parted into side lines, and Miss Gertrude Naphataly, daughter of B. L. Naphataly, vice-president and general manager of the company, stepped forward.

With a great shout of American Beauty rose clasped in one arm. Miss Naphataly with her right hand grasped the ribbon-bedecked bottle of champagne and broke it over the bow of the vessel as she cried: "I christen the West Galea." The vessel touched the water at 5:28 o'clock.

At the triple ship launching at the Los Angeles Shipbuilding and Dry Dock Company's yards yesterday. At the top the West Galea is just striking the water, stern on. On the stand in the foreground is the christening party. Above them is the flag-draped keel plate for hull No. 12, which was immediately lowered into place and construction of the company's twelfth vessel started. At the upper left Miss Eleanor Gardner, who christened the West Galea; at the upper right Miss Gertrude Naphataly, who christened the West Zula; and at the lower left Mrs. Walter J. Wallace, who christened the West Grana. Below, Fred L. Baker, president of the shipbuilding company, is shaking hands with T. W. Ransom, inspector for the Seventh (Pacific Coast) District, United States Shipping Board.

Industry of the Hour.

LOS ANGELES NOW ESTABLISHED
AS GREAT SHIPBUILDING CENTER.

BY LEWIS HAVEMAR.

LOS ANGELES is writing her name with bold letters these days on the maritime map of the world. The name of this city is to be read on the stern of each vessel constructed at the local shipyards, and they will go forth to ride upon the seven seas, fighting the ports thereof, and carrying the untiring word "Los Angeles" as they bear their burdens to help win the war, and later to become potent factors in the great American merchant marine service.

In times past, although this city has possessed a magnificent harbor, upon which millions of dollars have been spent in development work, it has never been the home port of large vessels. Now, in compliance with a resolution adopted by the United States Shipping Board, all vessels built here are to have Los Angeles as their home port.

And Los Angeles has speedily made a place for herself in the list of shipbuilding cities. Only a few months ago the activities here

At the triple ship launching at the Los Angeles Shipbuilding and Dry Dock Company's yards yesterday. At the top the West Galea is just striking the water, stern on. Martin Guitars

"During July and August we close on Saturdays at 1 P.M."

Eighty-Four Years of
Leadership

THE high standards of tone and workmanship which have made Martin Guitars superior to all others for eighty-four years were established by C. F. Martin, Sr., the most celebrated guitar maker of the nineteenth century. His thorough understanding of the art of selecting and matching wood, of the principles of durable and artistic construction and of the fundamental importance of the best materials and the finest workmanship in every part, brought him fame as the maker of the finest guitars the world has ever known.

After the death of C. F. Martin Sr., in 1912, the "House of Martin" was conducted by his son, C. F. Martin, Jr., until his death in 1915, which was then, and is now, conducted by his son, Frank H. Martin, assisted by his son, C. F. Martin III.

Ukuleles \$10.00 to \$30.00

Fifty Thousand People See Four Ships Floated Here.

FAST CROWD WATCHES LAUNCHING OF SHIPS.

Four Vessels Slide from Ways Without the Slightest Hitch While Mighty Throng Cheers Builders.

(Continued from First Page.)

of the company, as well as government representatives, sent telegrams to government officials at Washington and other points, announcing the successful consummation of this important feat.

Officers of the company expressed their gratification over the manner in which the three launchings proceeded without a hitch. Considering the vast number of men employed, and the extensive character of the heavy work performed, this concern has been remarkably free from accidents, and this condition has been the subject of much favorable comment by government representatives and men directly interested in the shipbuilding industry.

WOODEN SHIP LAUNCHED.

Almost simultaneously with the launching of the three steel vessels at San Pedro, the Monterey, a wooden ship, was launched at the shipyard in the West Basin by the Fulton Shipbuilding Company in Wilmington.

Several hundred people witnessed the inspiring sight. The launching took place on schedule. Mrs. Charles H. Sharp, of No. 2143 Wilshire boulevard, and mother-in-law of E. H. Seaver, president and general manager of the Fulton company, christened the vessel. A bottle of wine, specially tried with red, white and blue streamers, was lowered from the deck of the boat by a squad of sailors. The bottle was broken over the bow of the ship. While the shipyard hand played "The Star Spangled Banner," the platform upon which Mrs. Seaver stood was a bewildering array of floral pieces, one of which was a large as to completely cover the speaker's table. The spectators waited in breathless suspense while brawny shipbuilders drove the ship down the keel blocks which supported the immense hull, and deafening cheers arose as the ship started its gliding down the incline with the fragrance of sparkling California wine following her out to mingle with the briny ocean.

The Monterey is a V-bottom boat of 180-ton dead weight capacity. It is 124 feet long and 12 feet wide. The ship was launched at the Fulton shipyard. The first boat was launched May 16, and was christened the Yabane. The second, christened the Catwaba, was launched June 11. The Monterey followed in the wake of its predecessors. The shipyard has been working on two more Monterey vessels in the Fulton yard. The hull frame for these are nearly finished. One of these boats will be named George, and will make its journey down the greatest blocks on the 18th line. The frame for the fifth boat will be laid immediately on the ways from which the Monterey slid yesterday.

Flag decorations figured conspicuously in the launching of the Monterey. Patriotic music was provided by the Fulton shipyard band of twenty pieces. Carlos A. Hardy delivered a patriotic address before the launching took place. In the course of his remarks he read telegrams from President Wilson, Edward Hurley of the United States Shipping Board, and Gen. Pershing of the American Expeditionary Forces.

BY MR. HARDY.

"This is a great day, one of the greatest in the history of the world. It is not alone the birthday of America, but has come to be recognized by the free peoples of the world as their great day as well as ours. Today, France and Italy in the old world are celebrating this day of consecration to heroic deeds, and several of our great republics in the south have likewise made July the Fourth their national day of consecration to justice and freedom. [Applause.]

There never has been and never can be any compromise between America and Germany. We are for the American idea, we must fight for it, and sacrifice for it, to keep it from perishing from the earth. We are with the Kaiser and his Kultur, or we are with Washington, Lincoln, Wilson and humanity. Our words, our deeds give the only answer. [Applause.]

The launching of the Mono (top) at the Fulton shipyards at the Harbor yesterday. At the left is Mrs. Charles H. Sharp in the act of breaking the ribbon-bound bottle of champagne across her bow. Below is the West Grana as she appeared immediately after her launching.

SANEST FOURTH WAS YESTERDAY.

Fewer "Drunks," Fewer Auto Accidents and Only One Boy Reported Hurt.

Los Angeles experienced its sanest and sanest Fourth of July yesterday. Reports from the Receiving Hospital and the booking desk at police headquarters showed a decided decrease in the number of accidents, drunks and disturbances. Today the building of ships is an act of patriotism; and because of intense spirit of patriotic devotion they have never been united before in our history, we are happy to report that progress in shipbuilding is nothing less than amazing, and still the tide is rising.

FIRST BIG COMPANY.

The Los Angeles Shipbuilding and Dry Dock Company was organized and incorporated in the early part of 1917, with its capital stock placed at \$1,000,000. Its officers and directors are Fred L. Baker, president; J. A. Jovine, vice-president; J. W. Scott, president of the Citizens National Bank; W. I. Hollingsworth, president of the Colonial Oil Company; J. O. Koepfl, president of Bishop & Co.; and O. F. Brant, vice-president of the Title Insurance and Trust Company.

DISAPPEARS.

Eleven-year-old Santa Monica Girl Thought to Have Been Drowned.

(SANTA MONICA, July 4.—) Mrs. R. B. McClure, No. 1149 Second street, this city, are frantic with grief over the sudden and mysterious disappearance of their 11-year-old daughter, Helen, this afternoon. The child was out on the beach, some distance below the municipal pier, with a sister. The child was seen to be in the water for a few moments, and when she turned to look after her charge, Helen was nowhere to be seen. The child was sickly, and the belief is expressed that she was caught by a wave and carried out unnoticed into the ocean. The life-saving crew was summoned and began a search, but no trace of the girl has been reported.

FOR INVESTIGATION.

Oscar Burns, 12 years old, suspected of being an international known pickpocket, was arrested at Venice by police yesterday on the ocean front and held for investigation.

LOS ANGELES NOW BIG SHIPBUILDING CENTER.

Great Carrying Vessels Slide from the Harbor Ways in Record Time; New Industry Secure.

(Continued from First Page.)

and wide; and Los Angeles sends its warmest wishes to the shipbuilders. This sentiment was aptly expressed by Dr. Rockwell D. Hunt at a recent ship-launching at the Los Angeles Harbor, when he said: "We are signally honored in having witnessed the launching of another ship—the forging of another link in the chain that binds us to the allies of freedom over there. The shipbuilders of Los Angeles are opening the highway to freedom's goal. Today the building of ships is an act of patriotism; and because of intense spirit of patriotic devotion they have never been united before in our history, we are happy to report that progress in shipbuilding is nothing less than amazing, and still the tide is rising."

OUR RIVET RECORD.

With this place ever urgent all over the United States, that every person must do not only his "bit" but his "best" to help win the war, it is gratifying to know that a Los Angeles man, working under ordinary conditions at the plant of the Los Angeles Shipbuilding and Dry Dock Company, has broken the American rivet-driving record by 284 points.

BY PRESIDENTS WIFE.

The Accomas was named by Mrs. Fred L. Baker, the name itself having been selected by Mrs. Woodrow Wilson, and was taken from a county in Virginia. The name of the ship was chosen since the ship was to be constructed here for the government. The ship was named after the wife of the President of the United States. Within five minutes after the launching of the Accomas, which occurred at 8:29 o'clock in the morning, work was begun on the keel of a sister ship.

OTHER SHIPS LAUNCHED.

The third ship, the Wampum, made its initial move to the sea on April 10. It is of the same type as the other merchant vessels, with 3800 tons dead weight capacity, and was named by Mrs. L. L. Naphthaly. On April 11 the Wampum, another of the 3800-ton freight carriers, slid down the ways at this time. The ship was christened by Miss Bernardine Murphy, daughter of Dan Murphy of this city. Immediately after the launching of the keel of the sixth ship being built for the government was laid.

BARKER BROS. Suggest These Tireless Servants to Save You Time, Energy, Labor, Waste and to Promote Efficiency.

Sew the New Way With THE WESTERN ELECTRIC Portable Sewing Machine

Wouldn't it help you to sew oftener and much more easily if you could carry your machine downstairs, sew with it out on the porch in summer, carry it to your neighbor's to sew with her, or take it with you to the Red Cross? The Western Electric Portable is a full size sewing machine which with cover and all weighs less than a packed suitcase. Just attach the plug to any light socket, press your foot on the control and let electricity run your machine as long as you want to sew. No tireless pedaling. A cent's worth of electricity runs it three hours.

The Leonard Cleanable Refrigerator Saves Labor and Prevents Food Waste

Its carefully worked out construction allows perfect circulation of air through every part. Its ten walls and polar felt insulation keep the cold air in and the heat out. There is no wood exposed anywhere in the Leonard refrigerator and the doors are practically self-cleaning and have air-tight linings. There are no cracks or crevices for dirt or germs for the lining is made of one-piece real porcelain, fused on Armo rust-resisting iron. The famous make that is "as easy to clean as a china dish."

With the McDougall Cabinet You Can Do Your Kitchen Work in Half the Usual Time

This Cabinet affords a compact place for almost everything used in the kitchen. It is conducive to the economic conservation of food and will save many steps daily. Its parts are removable and easy to clean. It is a veritable method of better kitchen arrangement. You will be glad of its helpfulness. Let us show you the McDougall and explain its many wonderful features.

END OF WAR WILL NOT CHECK SHIPBUILDING Work in Sight at Harbor for Next Ten Years—Local Record will be a Big Boost for this City.

WHAT does the shipbuilding industry of Los Angeles mean to this city and Southern California? This is a question that will come to the minds of many persons whose realization of the progress of this new industry is based on the accomplishments of yesterday, when four new ships were launched at Los Angeles Harbor.

Men who have given the subject close study declare that the shipbuilding industry will be permanent here, and that, even were there an immediate peace in the world, there is work in sight sufficient for the next ten years. At the close of the war the great reconstruction period will begin, and ships will be needed in vast numbers to carry on the commerce of America with other countries.

THIS COAST'S RECORD.

The records of the Los Angeles shipyards have been placed in the place of the Atlantic Coast in the record of ship tonnage produced recently. For the first two weeks of June the Pacific Coast record was greater than that of the Atlantic Coast and Great Lakes combined. During that period the Pacific Coast turned out 43,492 tons of shipping, while the Great Lakes and Atlantic Coast combined made a record of 42,000 tons in the fastest time.

BADLY HURT WHEN AUTO OVERTURNS.

Albert M. Readwine and Mrs. Readwine of No. 2004 East Manchester avenue had a narrow escape from death when an automobile in which they were riding was struck by another machine and thrown into a ditch near the end of the Washington-street car line last night. The automobile was hurled more than twenty feet, pinning both occupants under its weight.

Life's G SOCIETY.

BY VIRGINIA WOODS.

Social Tea.

Mrs. Charles Ingels, whose home is at No. 410 South Broadway, will take place next Wednesday evening, will be honor guests. A lovely tea on Saturday afternoon at the home of Mrs. Charles Ingels, who is the hostess, will be given for the benefit of the Los Angeles Country Club. The tea will be held at the home of Mrs. Charles Ingels, who is the hostess, will be given for the benefit of the Los Angeles Country Club.

Mrs. Lester Best gave a lovely luncheon for a dozen friends at her special guest of honor, Mrs. Lucille Monette. Coverdell places Mrs. Monette as Roy Bailey, Mrs. Van Klee, Mrs. Lauren Crenshaw, Mrs. Charles H. Sharp, Mrs. O. L. Leary, Mrs. Arthur Waters, Mrs. Herman, Mrs. Leo W. Young, Mrs. Paul Kurtz and Mrs. L. Scott. The decorations through the house were in yellow and white blossoms. Mrs. Best spent the afternoon at Coronado, where she will remain over the week-end.

Justice McKeenolds.

Mrs. Justice McKeenolds, 8. Madison, Raymond S. Madison, entertained at dinner last evening at the Los Angeles Country Club in compliment to Mr. Justice McKeenolds, who is a guest of his mother, Dr. Robert Phillips McKeenolds. Mrs. McKeenolds, Dr. and Mrs. Robert Phillips McKeenolds, Mr. and Mrs. Edward D. Lyman, and Mr. J. W. Mason.

Mr. and Mrs. Myrick.

Mr. and Mrs. John G. Myrick were at a dinner party at which Mrs. M. W. Myrick entertained at Coronado, where she has her summer home at Hermosa Beach.

Evening Promotions.

News has just been received that Mrs. W. Mudd has just been promoted from major to colonel. He is the smokeless powder department in the Ordnance Department, War Department. Life's Gentler Side—Society, Music, Song and the Dance—At the Play-houses

THE STORY OF BOY AND A DOG. FLASHES.

Clever Modern Comedy at the Morosco this Week.

By Grace Kingsley.

Announcement is received from Oliver Morosco, theatrical producer, who is now in New York, that he expects to arrive in this city in August, fresh from the triumphs of his most successful managerial year.

Along with other matters, Mr. Morosco makes the thrilling announcement that he has a wonderful bunch of plays, which will keep Los Angeles going at top speed for a year.

According to Mr. Morosco's statement, Bertha Mann, who has made a huge success as leading woman at the Morosco, is to go to New York the last week in August to play the lead in Jack LaRue's new play, "One of Us," lately produced at the Morosco.

Seventh Street at Olive—COULTER'S

ROAD HANDLES GREAT CROWD.

Strike Troubles Don't Bother Pacific Electric.

Thirty-five Thousand go on Holiday Outings.

Union Leaders Agree to Arbitrate Fight.

The Pacific Electric Railway Company yesterday successfully handled what the officials declare was the heaviest Fourth of July traffic in the history of the road. All cars ran on time, and it was difficult to believe that forty-eight hours before strikers were guarding Pacific Electric cars and both sides were apparently settling down for a long strike of the motormen and conductors of the road.

Read officials stated and union leaders agreed that most of the 700 men who left the cars at 7 o'clock Tuesday evening were running cars yesterday. Union leaders told their men who had quit as usual Tuesday evening to report for work as usual on Wednesday morning. This the men did, and no one was called upon to solve the question of their membership or nonmembership in the union.

CROWD TREMENDOUS. General Superintendent F. L. Annable and General Passenger Agent O. A. Smith, with assistants, were on the job all day yesterday, and it was estimated that at least by afternoon 20,000 persons had been carried to Venice, Santa Monica, Redondo and other beaches out of the Hill-street station, and 15,000 people to Long Beach, Seal Beach, Balboa, San Pedro, and the Catalina boat landing, and other resorts reached from the Main-street station.

So far as the riding public is concerned, the strike of the Pacific Electric men is over for the time being at least. There remains to be removed a big stumbling block in the shape of recognition of the union. This recognition President Paul Shoup says the road will not give, but says that the road always stands ready to discuss wages and working conditions with its own employees.

Yes, Indeed, They are Very Strong for Antiques Over Here.

(Copyright, 1918, by H. C. Fisher, Trade Mark Reg. U. S. Pat. Off.)

While they ask that the road recognize the union, that is, the right of Pacific Electric men to join the union, the leaders declared that they do not ask that the Pacific Electric be made a closed shop. As Montgomery and Farquharson explained it, they want the road to recognize the union in the sense that when a committee of Pacific Electric employees—members of the unions—come to treat with the road, the Pacific Electric will treat with them as employees and as members of unions and make arrangements as such. Capt. Connell and the members of the Governor's committee will meet with President Shoup today to present this view to him and secure his answer to the question of recognition and arbitration.

Things may simmer along until next Wednesday morning, when at 9 o'clock Judge Bledsoe in the United States District Court is due to open the hearing on the question of making permanent the injunction he issued last Tuesday night preventing Farquharson and Montgomery, all members of the union, and other leaders, from interfering in any way with the operation of Pacific Electric cars. The union leaders, who will be represented by counsel, probably Francis J. Heney and Griffith Jones, will ask that the injunction be vacated.

Judge Bledsoe announced that if the union leaders desire quicker action he will be prepared to hold a hearing this (Friday) morning on the injunction instead of waiting until Wednesday.

CLERKS TO CELEBRATE EARLY STORE CLOSING.

SHOE SALESMEN TO PARADE TOMORROW NIGHT TO SHOW GRATITUDE.

The Retail Shoe Clerks' Association of Los Angeles will hold a big parade tomorrow night in the downtown section as a testimonial to the shoe merchants of the city who have granted the petition of the employees for early closing on Saturday nights.

The new order goes into effect tomorrow evening and as nearly all the leading merchants joined in the movement Angelenos will have to do their shoe shopping before 6 o'clock.

The Saturday night early closing is in the nature of a patriotic movement by the shoe merchants who agreed to it as one of many ways in which labor could be conserved. Thus far sixty-two shoe salesmen have answered the call to the colors. There are 162 awaiting the war call.

The parade tomorrow night will start at 7:15 from Ninth street and Broadway and the line of march will be Broadway to First street, to Spring street, to Ninth street, to Main street, to Second street and to the Union League Club at Second and Hill streets. Sheriff Cline will be the guest of honor and will ride with members of the executive board.

WOMEN ARE NEEDED To Help in War

Women can be usefully employed in nursing the wounded, in making up the soldiers' kits and a thousand other ways. Many American women are weak, pale or anemic from woman's ill. For young girls just entering womanhood; for women at the critical time; nursing mothers and every woman who is "run-down," tired or over-worked—Doctor Pierce's Favorite Prescription is a special, safe and certain help. It can now be had in tablet form. It is prepared from nature's roots and herbs and does not contain a particle of alcohol or any narcotic. It's not a secret prescription for its ingredients are printed on wrapper. Send 10 cents for trial package to Dr. V. M. Pierce, Buffalo, N. Y.

SAN FRANCISCO, CAL.—"I was all suffering from over-work, nervous, tired, languid all the time and had a dragging down feeling, headache and backache. My sister told me about Doctor Pierce's Favorite Prescription. I bought a box and took six bottles and now I feel like a new woman. I will recommend it to all prospective mothers, and also, for young girls coming into womanhood."

"A friend is taking this medicine now as I advised her to do and she is improving fast. One would not know she was the same woman."—Mrs. H. E. Gibson.

SAYS WE MUST GIVE WAR OUR ENTIRE ATTENTION.

Speaker at Lincoln Park Celebration Rebukes Those Who Would Stir up Strife at this Time.

SAY that no individual, no association of individuals, no particular grievance to the detriment of the whole country of the United States of America.

This significant utterance of Federal Judge Bledsoe, presiding over his oration at Lincoln Park, yesterday afternoon, as oration that won repeated and vigorous applause, struck a responsive note in the breasts of the assembled thousands.

The war we are engaged in is worthy of our entire attention," continued Judge Bledsoe. "It is our business to maintain a democratic government on this earth, and to win this war."

A conservative estimate placed the number of men, women and children at the park at 30,000. It was a modern Fourth of July. The report of a soldier's musket took the place of the snap of the patriotic music of Gregory's Band. In another section of the park a vaudeville stage had been erected and there more thousands were entertained.

DRAFT MEN THERE. Sergt. Jack Anderson addressed the draft men of district No. 14, at noon they were the luncheon guests of members of the Wednesday Morning Club, East Gate Chapter, Eastern Star, Kanawha Post Woman's Relief Corps, Asbury Methodist Episcopal Church and the northeast branch of the Red Cross. The draft boys numbered 148.

The G.A.R. also gave a picnic lunch at noon. Gregory's Band played patriotic music. Mrs. Albert Ryker Luther sang the "Song of the Soul."

The Half Century Club as a body had its first Fourth of July celebration. The speakers were ex-State Senator W. H. Savage, former Judge John J. Moore, Dr. George H. Rice, Dr. G. H. Rider and President M. E. Bryant of the association.

FOURTEENTH NEXT. FRENCH COLONY PAUSES TO CELEBRATE FOURTH.

THOUGHTFUL of the proclamation of President Poincaré of the French republic yesterday, all of the Los Angeles citizens of French birth temporarily interrupted their preparations for the 14th of July celebration in order to devote themselves completely to the festive spirit of the American Fourth.

American celebrants at the picnic and patriotic rallies stated they had never realized before that there are so many French-speaking people in Los Angeles. Dashing French "Blue Devils" were very much in evidence; pretty Normandy girls in their quaint costumes attracted much attention; and a number of beautiful French demurettes appeared in tableaux at Long Beach, and everywhere there was a sprinkling of "paries-vous" and "ah, comme je suis heureux d'être avec vous."

The work of preparing for the Fall of the Bastille celebration on July 14 will be resumed today by the Executive Committee of the French colony of Los Angeles and Southern California, composed of F. P. Feltner, L. J. Christopher, F. Viand and Maurice Fog. On

ALLIES ALL. Patriotic Felicitations From Masons of Italy.

FORMER Judge William Rhodes Hervey, Grand Master of Masons of California, yesterday received a cable from Ernesto Nathan, Grand Master of Masons of Italy, reading as follows:

ROME, July 4. In brotherhood bound together anew for the world's emancipation, we hail the day of America's independence. ERNESTO NATHAN. Judge Hervey explained that there has recently been a breach between the Grand Lodges of Italy, France and Belgium, and the Grand Lodge of this country, on the ques-

HERE ARE FAIR FOOD PRICES.

ALBOA PARK CELEBRATION

Patriotic Pageant Depicts Four War Periods.

Under Auspices of Army and Navy Commissions.

Marines Sweep Over Liberty Bridge to Victory.

(SPECIAL DISPATCH.) SAN DIEGO, July 4.—Ten thousand people, civilians and the military, witnessed a patriotic pageant yesterday at the Alboa Park, which depicted the four war epochs of American history, from the Revolutionary period to the present.

The pageant was given under the auspices of the War and Navy Department Commissions on Training Camp Activities, of which J. E. Patterson is the local representative and was requested by the command of the Alboa Park to give a patriotic pageant to the public.

The pageant was a splendid affair in which a Liberty bridge surmounted by Goddess of Liberty was the outstanding feature.

The pageant was given under the auspices of the War and Navy Department Commissions on Training Camp Activities, of which J. E. Patterson is the local representative and was requested by the command of the Alboa Park to give a patriotic pageant to the public.

BALBOA PARK CELEBRATION.

Patriotic Pageant Depicts Four War Periods.

Under Auspices of Army and Navy Commissions.

Warrior Sweep Over Liberty Bridge to Victory.

(SPECIAL DISPATCH.)

SAN DIEGO, July 4.—Ten thousand civilians, and the military, gathered at Balboa Park today for the patriotic pageant which was the first of the series of events which will be held at the park, which depicted the four epochs of American history, from the Revolution to the present.

The pageant was given under the auspices of the War and Navy Commissions on Training Activities, which is the local representative of the national organization, and was requested by the committee as the fitting celebration of the fourth of July.

Spangled Banner.

Just 151 new citizens of the United States were welcomed at the great Balboa Park organ this morning by San Diego, as a part of the day's program.

Each was presented with a flag by Judge T. L. Lewis. Judge J. E. Keating talked on "A Message from the President," and others spoke on similar topics.

The singing of the "Spangled Banner" in French by Mme. Edna Darch, grand opera star, was a feature of the pageant.

In the evening, which was preceded by the organ playing of the "Star Spangled Banner," the "March of the Navy," by Dr. E. Kraft of Washington, D. C., representing Secretary Daniels of the navy.

COMMUNITY CANNING PLANT ABOUT READY.

(LOCAL CORRESPONDENCE.)

SANTA BARBARA, July 3.—The Santa Barbara Community Canning and Planting plant will be completed by Saturday, and a grand opening for the public is planned for Monday afternoon.

The plant has been financed through the efforts of Franklin Price Knott, of Montecito's wealthy residents. It is planned to grow and can the vegetables and fruits raised in the gardens of this city, started through the personal efforts of Mayor R. T. Nielson and Charles W. Kirk.

Produce from over the county will be handled by the plant, which is to be conducted without any idea of making a profit. The plant will be capable of handling 10 tons of fruit and vegetables daily.

BOY RIDES BICYCLE TO HUNT RANCH JOB.

(LOCAL CORRESPONDENCE.)

EL CENTRO, July 3.—William Munson, 17, Los Angeles High School boy, was so anxious to work on an Imperial Valley farm this morning that he rode his bicycle all the way to El Centro via San Diego. The trip took three days. One hour after young Munson arrived here, he was on his way out to the 300-acre Tamarack ranch west of Imperial, where several Los Angeles High School boys are at work on Imperial Valley farms.

ANTS INVADE MONTECITO.

(LOCAL CORRESPONDENCE.)

SANTA BARBARA, July 3.—The ants are invading the city of Montecito, and the city fathers are taking steps to combat them. The ants are invading the city of Montecito, and the city fathers are taking steps to combat them.

GIVEN WAR DEWE.

(LOCAL CORRESPONDENCE.)

SANTA BARBARA, July 4.—Prof. C. A. Hollingshead, principal of the Santa Barbara High School, has been voted leave of absence for the duration of the war for the purpose of going to France to engage in Y.M.C.A. work. He received orders yesterday to report in New York August 7, to sail for France.

TUBERCULAR HOSPITAL.

(LOCAL CORRESPONDENCE.)

VIRALIA, July 4.—Work is to be started within a period of thirty days on the new hospital for tubercular patients, which is to be used jointly by the officials of Kings and Tulare counties and which is to be located at a spot in the foothills near Porterville. The total cost of the building and the fittings will be about \$10,000.

The pageant was given under the auspices of the War and Navy Commissions on Training Activities, which is the local representative of the national organization, and was requested by the committee as the fitting celebration of the fourth of July.

VETERINARY KILLED.

San Bernardino Man Victim of Automobile Accident in Cajon Pass.

(EXCLUSIVE DISPATCH.)

SAN BERNARDINO, July 4.—Charles T. Griffin, 41, a veterinary surgeon, was killed this afternoon in Cajon Pass, fourteen miles from this city, when the automobile which he was driving plunged over a fifteen-foot embankment, landing upside down on the right-of-way of the Santa Fe Railway. He was alone at the time and no one saw the accident happen.

The crew of the east-bound California Limited saw the machine and the arm and hand of the dead man sticking out from under the pile of wreckage. The train was stopped at Keenbrook, a short distance away, and the authorities notified.

PRESIDENT'S ADDRESS READ BY REV. TYRELL.

(LOCAL CORRESPONDENCE.)

PASADENA, July 4.—Central Park was the scene of the fourth of July celebration, and the reading of the President's address. The address was read by Rev. Tyrell.

QUICK WORK.

VENICE POLICE CAPTURE TWO MEXICAN HIGHWAYMEN AFTER BRIEF CHASE.

(LOCAL CORRESPONDENCE.)

VENICE, July 4.—Within fifteen minutes after the second report of alleged acts of highway robbery to the Venice police early today, two Mexicans, Joseph Dominguez and Joe Morales, were rounded up by Chief Harry J. Raymond, Desk Sergeant Wright, Motorcycle Officer Godfrey and Officer McCall.

MONROVIA'S WATER BONDS AT PREMIUM.

(LOCAL CORRESPONDENCE.)

MONROVIA, July 4.—City of Monrovia water bonds, recently authorized by a vote of the citizens, have been sold for \$12,500. The National City Company of California and New York was the high bidder and offered a bonus of \$121.50, outbidding ten competitors.

CLAREMONT MAN HIT BY ENEMY SHRAPNEL.

(LOCAL CORRESPONDENCE.)

CLAREMONT, July 4.—The first casualty to be reported of a Claremont man in France is the news of the wounding of John Sanford, an ambulance driver, who was confined in a Paris hospital early in June as the result of a shrapnel wound in the left shoulder. The injury was received in a close encounter with the Boche somewhere near Paris.

SAFETY FIRST.

(LOCAL CORRESPONDENCE.)

EL MONTE, July 4.—Through the efforts of Mrs. Theodore Silver and Judge Falkner, a signal bell has been ordered placed at Haven crossing by the Railroad Commission. Mrs. Silver circulated a petition among residents and obtained 124 names.

NEW SCHOOL GYM.

(LOCAL CORRESPONDENCE.)

GLENDALE, July 4.—A new gymnasium, to be built immediately and be in readiness for the fall term has been voted for by the trustees for the Glendale Union High School. The structure will be a temporary one costing about \$1000 and was found to be necessary in order to conform to the new State law requiring physical training for all high school pupils.

ARRESTED FOR TRYING LONG-DISTANCE SALE.

MAN AT ATLANTIC CITY SAID TO HAVE WRITTEN ABOUT OTHER'S PROPERTY.

A transcontinental chase from Atlantic City, N. J., to Los Angeles for a fugitive from justice ended yesterday when Deputy United States Marshal William Cavanaugh arrested Louis Schifano, 55 years old, on charges of using the mails in an attempt to defraud.

According to Postal Inspector E. H. Webster, Schifano learned that C. F. Brewster, owner of property at Young Beach, was not in the city. From Atlantic City Schifano is said to have written C. B. Kratt, a Long Beach realty man, to sell Brewster's property at a low figure. Kratt became suspicious, began an investigation, and learning that the real Brewster was in Montana, wired for information. Upon receipt of this telegram Mr. Brewster hurried to Los Angeles and laid the matter before the Federal authorities.

Los Angeles County Items.

OPEN-AIR-CAMP GIRLS SING PATRIOTIC SONGS.

(LOCAL CORRESPONDENCE.)

PASADENA, July 4.—Fifty young ladies camped at Devil's Gate under the auspices of the Los Angeles Society for the Prevention of Tuberculosis, did their patriotic bit yesterday in a morning salute to the flag and the singing of the "Star Spangled Banner." This fifty is the first contingent of 300 school children who have come under clinical observation and found to be predisposed to the dead white plague.

The formal opening of the camp will be held next Sunday, with Mayor Frederic T. Woodman and A. L. Hamilton as speakers, and the G. A. R. and Legion Corps to inspire the youngsters.

According to Miss Sidney M. McGuire, secretary of the society, there are 800 children in this vicinity who should have the opportunity to get out in the great open air. Finance, she says, limits the work of the society. There is \$1700 now in the fund and this amount must be increased to \$1800 to give the 300 youngsters outings of two weeks in contingents of fifty for the remainder of the vacation.

ONLY ONE ACCIDENT MARS "PERFECT DAY."

(LOCAL CORRESPONDENCE.)

LONG BEACH, July 4.—This city passed a quiet Fourth of July, notwithstanding the great throng of merry-makers. Miles of downtown streets were packed with parked automobiles, the police estimating that at least 15,000 machines were here. Pike concessionaires did an enormous business, and sleeping accommodations tonight were taxed to the utmost. Few fireworks were exploded and the city dispensed with its usual pyrotechnic night display in the interest of war-time conservation.

THOUSANDS SPEND FOURTH AT REDONDO.

(LOCAL CORRESPONDENCE.)

REDONDO BEACH, July 4.—Several thousand visitors from Los Angeles and other nearby cities were in Redondo Beach today. The weather was cool, sunny and ideal in every respect for a Fourth of July celebration.

WHITTIER RED CROSS TO HAVE MOTOR TRUCK.

(LOCAL CORRESPONDENCE.)

WHITTIER, July 4.—The salvage department of the Red Cross, from small beginnings has developed into a big business. The department is now to have an auto truck, paid for by popular subscription. This department of the Red Cross, from small beginnings has developed into a big business. The department is now to have an auto truck, paid for by popular subscription.

GREAT THRONG VISITS BAY CITIES BEACHES.

SANTA MONICA RED CROSS CONCESSIONS WELL PATRONIZED YESTERDAY.

(LOCAL CORRESPONDENCE.)

SANTA MONICA BEACH, July 4.—The biggest crowd seen here on the Fourth of July in many years converged on this beach today from all directions except the ocean side, upwards of 50,000 people being scattered along the sand between the Ocean Park pier and the Long Wharf.

This was pre-eminently a Red Cross day in this city, with the largest auto park on the coast in operation—for today only—on Marine street, Ocean Park; dancing both afternoon and evening at the Santa Monica Bay Cities Chapter House; the "Baby Park," where babies of all ages and sizes are cared for, also an open-air market, all conducted by Red Cross workers.

The North Beach presented the appearance of an encampment of a nomad army, cars were parked by the hundreds in almost unbroken lines from the Santa Monica Bath house to Santa Monica Canyon and the sands were dotted with nearly as many tents, set up by motorists who came down last night and camped over the Fourth.

People swarmed to Venice as well, the police estimating the attendance as high as 75,000 for the day.

EXPECT BIG CROWD, PICNIC OF IOWANS.

(LOCAL CORRESPONDENCE.)

SANTA MONICA BEACH, July 4.—Plans are being developed for what promises to be the first large beach picnic of the season, that of the Federation of Ohio Societies, to be held on this beach today. It is expected there will be an attendance of at least 5000. The registration books will be open from 9 in the morning until 5 in the afternoon, with lunch picnic style from 11:30 until 2, when the formal programme will open. R. L. Boyle will preside, and Judge Thomas P. White of Los Angeles will deliver the address. There will be music by the municipal band, reports by presidents of the several affiliated societies and the award of a service flag. Field sports will be the attraction for sixty minutes, starting at 4 o'clock.

THOUSANDS SPEND FOURTH AT REDONDO.

(LOCAL CORRESPONDENCE.)

REDONDO BEACH, July 4.—Several thousand visitors from Los Angeles and other nearby cities were in Redondo Beach today. The weather was cool, sunny and ideal in every respect for a Fourth of July celebration.

EMPLOY ORIENTALS.

(LOCAL CORRESPONDENCE.)

PORTERVILLE, July 4.—As a direct result of the war a radical change has been made in labor conditions in this district. Now, for the first time in the history of this section Japanese and Hindus are being used for all classes of orchard labor. Heretofore public sentiment has been strong against this class of labor.

Where Are You Going to Put Your Money?

Why don't you put it in the Hibernian Savings Bank?

It couldn't be safer and it will earn more interest in the Hibernian Savings Bank.

Why is this so?

We simply meet you half way—that's all.

We save a large sum yearly in rent by using the second floor instead of the street floor.

It takes only a jiffy to step into the elevator and go up one floor.

You won't find the most magnificent quarters, but you will find one of the coziest and most homelike banking rooms you know and—

The Hibernian Savings Bank

Pays You

4 1/4%

Come in and get acquainted with the officers.

You will find them easy to approach. They are real human, too, and you will think them good to know.

The Hibernian is a strong, healthy, growing bank.

It pays 4 1/4 per cent. on Term Savings accounts (where your money is left on deposit a certain length of time.)

Then it has another form of account, called Special Savings checking account, which enables you to draw interest on your current funds—the daily deposits from your business, your reserve fund, money kept on hand for checking purposes, etc.

On Special Savings checking accounts the Hibernian pays 3 per cent. interest, if the minimum monthly balance is \$500 or more.

The Hibernian Savings Bank, owned and officered by Los Angeles men, is at your service, ready to help you on the road to success, whether you want a small savings account, a personal checking account or have an important business account.

And those of you who live or have business in the district near 2201 North Broadway, be sure and visit the Federal Branch there.

It pays the same interest and you will find it a pleasant and profitable banking home.
